## Retrofit Plus tap

The UK's original retrofit push tap conversion kit.

- The only metal tap conversion kit on the market
- Stylish, classic design - will suit most washrooms
- Push tap concept uses only the amount of water required, saving water and money
- Quick and easy to install - no need to remove existing tap base
- Rigorously tested under all conditions
- Durable - made to last under high use situations
- Will fit most UK and European taps
- Competitively priced
- WRAS approved
